

Mandurah Museum Telling YOUR story

The Mandurah Community Museum has attracted Lotterywest funding to produce a planning document that will guide the redevelopment of the exhibits in the museum. Creative Spaces in conjunction with NBD Marketing, have been appointed to work with museum staff and the community to research and design those exhibits.

We want to collect your stories and ideas about what Mandurah means to you! The more we can reflect the real community of Mandurah in the museum the better the museum will be and the more powerful will be the museum's ability to share the culture of Mandurah with visitors.

If you live in and love Mandurah then you will have valuable opinions, thoughts and ideas to add to the research stages of the redevelopment. Please share some of those gems with us by completing the attached form and returning it to the Mandurah Community Museum in the supplied reply paid envelope by the 22nd of April.

Remember, this is not an exam and there are no right answers! We are asking broad questions to encourage you to think and be creative and you only have to complete the sections that you want to complete. Feel free to use more space for individual questions if you need.

1. What's your happiest memory of Mandurah?

2. Is there a sad or dramatic story you know which tells something about life in Mandurah?

3. What makes Mandurah unique?

4. Is there a time in Mandurah's past when life was particularly hard or challenging and can you recall how the people of Mandurah coped?

5. What stories are missing from what is currently being told at the Museum?

6. What's an intriguing story that you know about the history of Mandurah?

7. Are there some particular individuals in the community who have played a significant part in Mandurah's past or who play a particular role in remembering or preserving Mandurah's past? Who are they and what is their role?
